

**IHEARTMEDIA, INC. REPORTS
RESULTS FOR THIRD QUARTER 2016**

San Antonio, TX, November 9, 2016 – iHeartMedia, Inc. (PINK: IHRT) today reported financial results for the third quarter ended September 30, 2016.

“We continue to grow our audiences across our broadcast radio, outdoor, digital, social, mobile and events platforms, while advancing our transformation as a digital-facing, data-rich company built on the power of broadcast radio and out-of-home,” said Bob Pittman, Chairman and Chief Executive Officer of iHeartMedia, Inc. “This quarter, we were excited to announce the reimagining of live radio with our two new subscription services, iHeartRadio Plus and iHeartRadio All Access, set to debut in January 2017. In addition, at both iHeartMedia and outdoor, we continue to invest in programmatic buying platforms and research analytics tools to leverage our assets for the benefit of our marketing and advertising partners, and at Americas outdoor and International outdoor, we continue to realign our resources to expand our digital out-of-home networks.”

Rich Bressler, President, Chief Operating Officer and Chief Financial Officer said, “This quarter, we delivered revenue and operating income growth at both iHeartMedia and International outdoor. Americas outdoor's revenue and operating income declined as the result of the sales of nine non-strategic markets; excluding the impact of the sales, revenues increased. Overall, our investments are enhancing our businesses -- allowing us to keep developing and delivering innovative new products to our consumers, all while staying focused on tight operating and financial discipline.”

Key Financial Highlights

The Company’s key financial highlights for the third quarter of 2016 include:

- Consolidated revenue decreased 0.6%. Consolidated revenue increased 1.9%, after adjusting for a \$5.9 million impact from movements in foreign exchange rates and the \$32.8 million impact of the non-strategic outdoor markets sold in 2016.
 - iHeartMedia revenues increased \$10.2 million, or 1.2%. Revenues increased \$3.7 million, or 0.4%, excluding political revenue.
 - Americas outdoor revenues decreased \$24.3 million, or 7.0%. Revenues increased \$3.5 million, or 1.1%, after adjusting for a \$0.1 million impact from movements in foreign exchange rates and a \$27.9 million impact from the non-strategic markets sold in the first quarter of 2016.
 - International outdoor revenues increased \$1.2 million, or 0.3%. Revenues increased \$12.1 million, or 3.5%, after adjusting for a \$6.0 million impact from movements in foreign exchange rates and a \$4.9 million impact from the sale of our business in Turkey in the second quarter of 2016.
- Operating income increased \$32.3 million, or 12.1%.
- OIBDAN increased 4.1% and increased 7.0%, excluding the impact from movements in foreign exchange rates and the impact of the non-strategic outdoor markets sold in 2016.

Key Non-Financial Highlights

The Company's recent key non-financial highlights include:

iHeartMedia

- Generated 11 billion social impressions for this year's iHeartRadio Music Festival -- almost 50% more social impressions than last year's Festival and more than double the number of social impressions for the 2016 Big Game Halftime Show. In addition, #iHeartFestival trended at #1 on Twitter worldwide both Friday and Saturday nights during the 2016 Festival. Broadcast live on iHeartMedia radio stations across 150 markets, the Festival was live-streamed both nights on The CW Network via CWTV.com and the CW app; and The CW Network broadcast a two-night iHeartRadio Music Festival television special on October 6th and 7th.
- Achieved close to 92 million iHeartRadio registered users, growing 22% year-over-year, with iHeartRadio's cumulative downloads and upgrades surpassing 1.1 billion, as of September 30, 2016, and total listening hours up 8% year-over-year.
- Announced that the Company is reimagining live radio through two new on-demand services -- iHeartRadio Plus and iHeartRadio All Access -- set to debut in January 2017. This marks the first time that on-demand functionality will be used to enhance the radio experience, unlike existing services that are only music collection offerings. When listeners hear a new song on the radio, they can instantly replay a song and even save it to a playlist. iHeartMedia reaches more than a quarter of a billion Americans monthly through its broadcast stations alone, and iHeartRadio has the ability to drive massive awareness of iHeartRadio Plus and iHeartRadio All Access to new audiences on a national scale.
- Set the return of the national "iHeartRadio Jingle Ball 2016 Tour Presented by Capital One," an iconic holiday season music event that will stop in 12 cities. The iHeartRadio Jingle Ball Tour Presented by Capital One captures the holiday spirit of the iHeartRadio app, with performances by a number of the year's biggest recording artists, including Bruno Mars, Justin Bieber, Britney Spears, Ariana Grande, Niall Horan, The Chainsmokers and Fifth Harmony.
- Scheduled the fourth annual iHeartRadio Music Awards on Sunday, March 5, 2017 at the historic Forum in Los Angeles, which will again be televised live on TBS, TNT and truTV and simulcast on iHeartMedia stations nationwide and iHeartRadio.
- Launched the original podcast, *Tagline*, with Advertising Age aimed at the marketing community at large to provide listeners with insiders' perspectives on the craft of advertising and what the world that influences pop culture is all about.
- Expanded iHeartRadio into Canada through Bell Media, Canada's leading media company, with the launch of the iHeartRadio Canada app featuring hundreds of live stations and iHeartRadio-branded music events like the iHeartCanada Jingle Ball this month.
- Joined forces with Hispanic radio legend Enrique Santos in a unique Hispanic initiative to develop programming and content for iHeartMedia across its multiple platforms. This new alliance recognizes the increasing importance and size of the U.S Hispanic population, both Spanish- and English-speaking, and builds on Santos' high profile within the Latino community as a top-rated on-air talent, trusted source, social and media influencer, content creator and community spokesperson and leader.
- Celebrated the best in Latin Music at the iHeartRadio Fiesta Latina on Saturday, November 5th, generating 3.7 billion social media impressions over the weekend, over two and a half times the prior year. Telemundo aired the exclusive TV special on November 6th and iHeartRadio Fiesta Latina video streamed live exclusively on Telemundo.com and broadcasted live on iHeartMedia Spanish-Pop, Tropical, regional Mexican and Spanish Adult Hit radio stations across the U.S.

Third Quarter 2016 Results

Consolidated

Consolidated revenue decreased \$9.1 million, or 0.6%, during the third quarter of 2016 as compared to the third quarter of 2015. Lower revenue generated by our Americas outdoor business as a result of the sale of nine non-strategic outdoor markets in the first quarter of 2016 was partially offset by revenue growth generated by our iHM business and our International outdoor business. Consolidated revenue increased \$29.6 million, or 1.9%, after adjusting for a \$5.9 million impact from movements in foreign exchange rates and the \$32.8 million impact of non-strategic outdoor markets sold in 2016.

Consolidated direct operating and SG&A expenses decreased \$39.3 million, or 3.7%, during the third quarter of 2016 as compared to the third quarter of 2015. Consolidated direct operating and SG&A expenses decreased \$14.0 million, or 1.4%, in the third quarter after adjusting for a \$5.6 million impact of movements in foreign exchange rates and the \$19.7 million impact of the sale of the non-strategic outdoor markets.

Consolidated operating income increased \$32.3 million, or 12.1%, during the third quarter of 2016 as compared to the third quarter of 2015, primarily due to impairment charges of \$21.6 million recognized in the third quarter of 2015, compared to impairment charges of \$8.0 million recognized in the third quarter of 2016.

The Company's OIBDAN increased 4.1% to \$469.8 million for the quarter ended September 30, 2016. After adjusting for the movements in foreign exchange rates and the impact of the sale of outdoor markets, the Company's OIBDAN increased 7.0% in the third quarter of 2016, compared to the same period in 2015.

Included in the 2016 third quarter operating income and OIBDAN were \$5.0 million of direct operating and SG&A expenses and \$1.0 million of corporate expenses associated with the Company's strategic revenue and efficiency initiatives, compared to \$12.9 million and \$4.1 million of such expenses in the prior year, respectively.

iHeartMedia

iHeartMedia revenues increased \$10.2 million, or 1.2%, during the third quarter 2016 as compared to the third quarter 2015. Growth in broadcast radio and digital advertising was driven primarily by higher political revenues as a result of the Presidential election year, growth in our network businesses, including our syndication business driven by growth in our news/talk format, our traffic and weather business, as well as higher revenues from our events, including the iHeartRadio Music Festival. The increase in revenues was partially offset by lower local broadcast radio advertising revenues.

Direct operating and SG&A expenses decreased \$27.6 million, or 5.3%, during the third quarter 2016 as compared to the third quarter 2015 primarily driven by the \$33.8 million impact of lower expenses realized upon changes in terms in connection with contract renegotiations and a decrease in trade and barter expenses resulting from trade and barter expenses recognized in the

third quarter of 2015 that were not repeated in the current quarter. These decreases were partially offset by higher theater and event production costs and costs related to investments in national and digital sales capabilities.

Operating income increased 14.0% to \$298.1 million, and OIBDAN increased 11.8% to \$358.8 million for the third quarter of 2016 as compared to the third quarter of 2015. Each of operating income and OIBDAN includes \$2.5 million in expenses related to investments in strategic revenue and efficiency initiatives compared to \$4.9 million in the 2015 period.

Americas Outdoor

Americas outdoor revenues decreased \$24.3 million, or 7.0%, during the third quarter of 2016 as compared to the third quarter of 2015. Revenues increased \$3.5 million, or 1.1%, after adjusting for a \$0.1 million impact from movements in foreign exchange rates and a \$27.9 million impact from non-strategic markets sold in the first quarter of 2016. These markets generated revenues of \$27.9 million in the third quarter of 2015. The decrease resulting from these sales was partially offset by increased revenues from digital billboards as a result of new deployments and higher occupancy on existing digital billboards, new airport contracts and higher revenues in Latin America, resulting primarily from the Olympics in Brazil.

Direct operating and SG&A expenses decreased \$11.1 million, or 5.3%, during the third quarter of 2016 as compared to the third quarter of 2015. Direct operating and SG&A expenses increased \$3.1 million, or 1.6%, after adjusting for a \$0.3 million impact from movements in foreign exchange rates and the \$14.5 million impact from the sale of non-strategic markets during the first quarter 2016, due primarily to higher variable operating expenses related to higher revenues.

Operating income decreased 11.7% to \$78.3 million during the third quarter of 2016 as compared to the third quarter of 2015, resulting primarily from the sale of the non-strategic markets in the first quarter of 2016. OIBDAN decreased \$13.2 million, or 9.5%. OIBDAN increased 0.3% during the third quarter 2016, after adjusting for a \$0.2 million impact from movements in foreign exchange rates and the \$13.4 million impact from the sale of the non-strategic markets.

International Outdoor

International outdoor revenues increased \$1.2 million, or 0.3%, during the third quarter of 2016 as compared to the third quarter of 2015. Revenues increased \$12.1 million, or 3.5%, after adjusting for a \$6.0 million impact from movements in foreign exchange rates and the \$4.9 million impact from the sale of our business in Turkey in the second quarter of 2016. Higher revenue from new digital assets and new contracts in Australia, Italy, Spain and Sweden, was partially offset by lower revenue in the United Kingdom, due to the London bus shelter contract not being renewed.

Direct operating and SG&A expenses decreased \$1.9 million, or 0.6%, during the third quarter of 2016 as compared to the third quarter of 2015. Direct operating and SG&A expenses increased \$9.2 million, or 3.2%, after adjusting for a \$5.9 million impact from movements in foreign exchange rates and the \$5.2 million impact from the sale of our business in Turkey in the second quarter of 2016. Direct operating and SG&A expenses increased primarily due to higher site lease, production and compensation expenses related to higher revenues, partially offset by lower site lease expense due to lower revenue in the United Kingdom.

Operating income increased 70.6% to \$18.3 million during the third quarter of 2016 as compared to the third quarter of 2015, primarily as a result of lower depreciation and amortization expense. OIBDAN increased \$3.0 million, or 5.8%. OIBDAN increased \$2.9 million, or 5.6%, during the third quarter 2016, after adjusting for a \$0.2 million impact from movements in foreign exchange rates and the \$0.3 million impact from the sale of our business in Turkey in the second quarter of 2016. Operating income and OIBDAN in the third quarter of 2016 each include \$2.1 million in expenses related to investments in strategic revenue and efficiency initiatives compared to \$7.2 million in the 2015 period.

Capital expenditures for the nine months ended September 30, 2016 were \$201.0 million compared to \$192.5 million in the nine months ended September 30, 2015. We estimate capital expenditures for 2016 to be between \$300 million and \$350 million.

In the first quarter of 2016, Americas outdoor sold nine non-strategic markets for net proceeds, including cash and certain advertising assets in Florida, totaling \$592.6 million. These markets contributed \$2.4 million and \$77.3 million in revenue during the nine months ended September 30, 2016 and 2015, respectively.

In the second quarter of 2016, International outdoor sold its business in Turkey, which contributed \$10.6 million and \$18.5 million in revenue during the nine months ended September 30, 2016 and 2015.

On October 24, 2016, we sold our International outdoor business in Australia (“Australia Outdoor”), for cash proceeds of \$203.9 million. Australia Outdoor revenue for the nine months ended September 30, 2016 and 2015 was \$96.0 million and \$83.6 million, respectively.

On January 7, 2016, CCOH paid a special dividend of \$217.8 million using the proceeds of the issuance of \$225.0 million in aggregate principal amount of 8.75% Senior Notes due 2020 by Clear Channel International B.V., an indirect wholly-owned subsidiary of CCOH, in December 2015. We received approximately 90.1% of the dividend, or \$196.3 million, with the remaining 9.9%, or \$21.5 million, paid to the public stockholders of CCOH.

On February 4, 2016, CCOH paid a special dividend of \$540.0 million, using proceeds relating to a \$300.0 million demand on the intercompany note owed by iHeartCommunications to CCOH and a portion of the proceeds from the sale of the non-strategic domestic outdoor markets. We received approximately 90.1% of the dividend, or \$486.5 million (\$186.5 million, net of iHeartCommunications’ repayment on the intercompany note), with the remaining 9.9%, or \$53.5 million, paid to the public stockholders of CCOH.

As of September 30, 2016, we had borrowed \$230.0 million and had \$44.1 million of outstanding letters of credit under iHeartCommunications’ receivables based credit facility. As of September 30, 2016, this facility had a borrowing base of \$422.6 million, resulting in \$148.5 million of excess availability. However, any incremental borrowing under iHeartCommunications’ receivables based credit facility may be further limited by the terms contained in iHeartCommunications’ material financing agreements.

On July 15, 2016, Broader Media, LLC, our indirect wholly-owned subsidiary, repurchased \$383.0 million aggregate principal amount of iHeartCommunications’ 10.0% Senior Notes due 2018 for an aggregate purchase price of \$222.2 million.

The senior secured credit facilities require iHeartMedia to comply on a quarterly basis with a financial covenant limiting the ratio of consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by iHeartCommunications’ senior secured credit facilities) for the preceding four quarters. We were in compliance with this covenant and the other covenants in the senior secured credit facilities and in iHeartCommunications’ other material financing agreements as of September 30, 2016.

Supplemental Disclosure Regarding Non-GAAP Financial Information

The following tables set forth the Company's OIBDAN for the three and nine months ended September 30, 2016 and 2015. The Company defines OIBDAN as consolidated operating income adjusted to exclude non-cash compensation expenses, included within corporate expenses, as well as the following line items presented in its Statement of Comprehensive Loss: Depreciation and amortization; Impairment charges; and Other operating income (expense), net.

In the second quarter of 2016, the Company revised its presentation of OIBDAN to eliminate the adjustments for lease expense arising from sale leaseback transactions and amortization of deferred system implementation costs. The Company incurred these costs for the first time during 2015 and excluded them from its calculation of OIBDAN in 2015 to enhance the comparability of the Company's underlying financial performance during 2015 as compared to 2014. As lease expense arising from sale leaseback transactions and amortization of deferred system implementation costs are now reflected in both the 2015 and 2016 periods, and are recurring expenses, the Company no longer believes excluding these costs enhances the comparability of the Company's underlying financial performance. The Company does not believe this change will have a significant impact on its OIBDAN presentation.

The Company uses OIBDAN, among other measures, to evaluate the Company's operating performance. This measure is among the primary measures used by management for the planning and forecasting of future periods, as well as for measuring performance for compensation of executives and other members of management. We believe this measure is an important indicator of the Company's operational strength and performance of its business because it provides a link between operational performance and operating income. It is also a primary measure used by management in evaluating companies as potential acquisition targets.

The Company believes the presentation of this measure is relevant and useful for investors because it allows investors to view performance in a manner similar to the method used by the Company's management. The Company believes it helps improve investors' ability to understand the Company's operating performance and makes it easier to compare the Company's results with

other companies that have different capital structures or tax rates. In addition, the Company believes this measure is also among the primary measures used externally by the Company's investors, analysts and peers in its industry for purposes of valuation and comparing the operating performance of the Company to other companies in its industry.

Since OIBDAN is not a measure calculated in accordance with GAAP, it should not be considered in isolation of, or as a substitute for, operating income as an indicator of operating performance and may not be comparable to similarly titled measures employed by other companies. OIBDAN is not necessarily a measure of the Company's ability to fund its cash needs. As it excludes certain financial information compared with operating income, the most directly comparable GAAP financial measure, users of this financial information should consider the types of events and transactions which are excluded.

The other non-GAAP financial measures presented in the tables below are: (i) revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates; (ii) revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates and the results from non-strategic outdoor markets sold; (iii) revenues excluding the effects of political revenue and (iv) corporate expenses, excluding non-cash compensation expenses.

The Company presents revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates, because management believes that viewing certain financial results without the impact of fluctuations in foreign currency rates facilitates period to period comparisons of business performance and provides useful information to investors. A significant portion of the Company's advertising operations are conducted in foreign markets, principally Europe, the U.K. and China, and management reviews the results from its foreign operations on a constant dollar basis. Revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates, are calculated by converting the current period's amounts in local currency to U.S. dollars using average foreign exchange rates for the prior period.

In the first quarter of 2016, the Company sold nine non-strategic Americas outdoor markets and in the second quarter of 2016, the Company sold its business in Turkey. The Company presents revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates and the results from non-strategic outdoor markets sold, for the consolidated Company and the Americas and International outdoor segments, in order to facilitate investors' understanding of operational trends without the impact of fluctuations in foreign currency rates and without the results from the outdoor markets that were sold, as these results will not be included in the Company's results in current and future periods.

The Company presents revenues excluding the effects of political revenue. Due to the cyclical nature of the electoral system and the seasonality of the related political revenues, management believes presenting revenue excluding the effects of political revenue provides additional information to investors about the Company's revenue growth from period to period.

Corporate expenses excluding the effects of non-cash compensation expenses is presented as OIBDAN excludes non-cash compensation expenses.

Since these non-GAAP financial measures are not calculated in accordance with GAAP, they should not be considered in isolation of, or as a substitute for, the most directly comparable GAAP financial measures as an indicator of operating performance.

As required by the SEC, the Company provides reconciliations below to the most directly comparable amounts reported under GAAP, including (i) OIBDAN excluding effects of foreign exchange and OIBDAN for each segment to consolidated and segment operating income; (ii) Revenues excluding effects of foreign exchange rates to revenues; (iii) Direct operating and SG&A expenses excluding effects of foreign exchange rates to direct operating and SG&A expenses; (iv) Revenues excluding political advertising revenues to revenues; (v) Corporate expenses excluding non-cash compensation expenses and effects of foreign exchange rates to Corporate expenses; (vi) Consolidated and outdoor revenues excluding the effects of foreign exchange rates and results from non-strategic outdoor markets sold to Consolidated and outdoor revenues; (vii) Consolidated and outdoor direct operating and SG&A expenses excluding the effects of foreign exchange rates and results from non-strategic outdoor markets sold to Consolidated and outdoor direct operating and SG&A expenses; (viii) Consolidated and outdoor OIBDAN excluding the effects of foreign exchange rates and results from non-strategic outdoor markets sold to Consolidated and outdoor operating income.
